Where requested, Indlela will endeavour to raise the public profile of donor companies' community involvement via local newspapers and our website, including a hyperlink to theirs.

“ each man should give what he has decided in his heart to give, not reluctantly or under compulsion, for God loves a cheerful giver. ”

corporate school painting days are great team builders

Indlela's Life Skills programme aims to combat the spread of HIV/AIDS by reducing risk-taking behaviour among young people in the north Durban community and encouraging them to make wise life choices.

Research shows that the physical environment impacts the learning experience and we have found that learners and educators have been particularly encouraged in those schools where we have upgraded the physical environment by painting and repairing the school buildings.

These renovations are carried out by volunteer work-parties and the camaraderie that is evident among these volunteers is proof of the mutual benefits of this activity.

indlela offers corporate donors and individual volunteers the opportunity to partner with us in caring for our community, changing lives so that they, in turn, can change the lives of others.

how it works:

- Groups of 10-50 people
- Meet at an agreed point at 7.30am on a Saturday (wear old clothes)
- Travel by bus or cars to the school
- Accompanied by an Indlela representative, who liaises with the school and directs the driver.
- All paint, brushes, etc are provided by Indlela
- All other work needed e.g. electrical, plumbing can be done by suitably skilled companies
- Return to drop off point at agreed time.
